

Edit Visit

From the patient Quick View or the Patient's Visit Details you can Edit the visit.

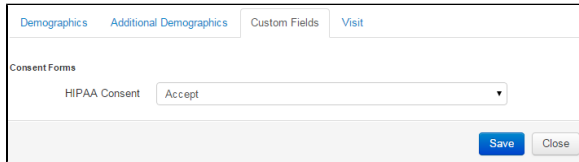

Click the Edit Visit button, There are 4 tabs that can be edited :

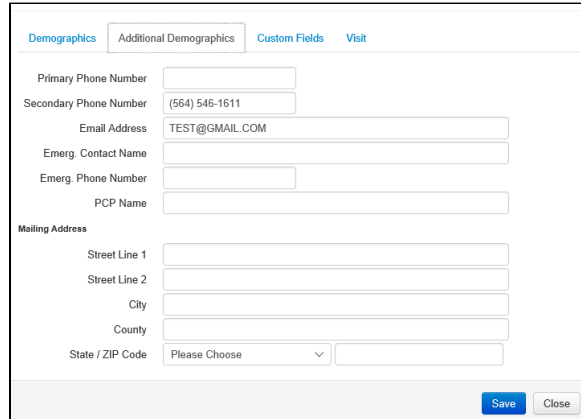

1) The first tab you can edit is the **Demographics** tab.

A screenshot of the "Demographics" tab in the "Edit Visit" interface. The tab is selected and highlighted. The form contains the following fields: "Last Name" with the value "JONES"; "First Name / Middle Name" with the value "DOTTY"; "Date of Birth / Gender" with the date "01/01/2014" and gender "Female"; and "SSN" which is empty. There are "Save" and "Close" buttons at the bottom right.

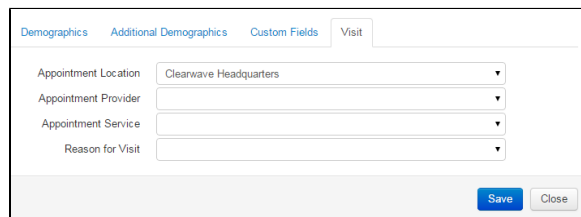

3) **Custom Fields** tab allows you to change the consent form acceptance and other kiosk question answers

A screenshot of the "Custom Fields" tab in the "Edit Visit" interface. The tab is selected and highlighted. The form contains a "Consent Forms" section with a "HIPAA Consent" dropdown menu set to "Accept". There are "Save" and "Close" buttons at the bottom right.

2) Second tab has **Additional Demographics** which include address

A screenshot of the "Additional Demographics" tab in the "Edit Visit" interface. The tab is selected and highlighted.
