

Release Notes 2016-05-12

Enhancements

- **Integration** Ability to customize the *Bad Debt Flag* to terminate check-ins for Greenway PrimeSUITE customers
- **Integration** 271 Eligibility Responses can now be sent as a PDF through integration.
- **Integration** Enhancements to Document Import for Greenway Intergy customers
- **Eligibility** Enhancements to copay pull for BCBS (Carefirst) and Tufts Health Plan

Bug Fixes

- **Provider Portal** Current Search parameters and Search Results count are now displaying properly in the *Appointment Search*
- **Provider Portal** Default Appointment Settings are no longer displaying an error when "Save" is clicked
- **Eligibility** Humana plans are no longer sending back false inactive responses for PDP plans
- **Kiosk** Timeouts on the payment screen for manually input copays have been resolved

Please contact support@clearwaveinc.com to enable any new features or enhancements

Scope of Release

The release will impact the Provider Portal 3.0, Kiosk, Eligibility and Integration. The actual release should have minimal effect on user workflow.
